Pending request with TM

6 The request will be submitted to the TM Panel. On the TM Panel in the side menu bar, there will be a “PE-TM Chain” option.

6

The screenshot shows the left-hand side menu of the application. The menu items are: Dashboard, Entities, PE-TM Chain (highlighted with a blue box and a blue circle with the number 6), and CLI. The main content area is titled 'PE-TM Chain' and contains three tabs: 'Pending PE-TM Chain', 'Registered PE-TM Chain', and 'Rejected/Blacklisted PE-TM Chain'. The 'Pending PE-TM Chain' tab is active, showing a search bar, a 'Show Records' dropdown set to 25, and a 'Status' dropdown set to 'All'. Below these are columns for various fields: SI. No., Reference Number, Chain ID, Requestee Id, Requestee Name, Requestee Role, Approver ID, Approver Name, Document Uploaded, Date & Time of Request, Date & Time of last Updated, and Chain Status.

7 On the TM panel when the entity sends the binding request to TM, it will be visible under the pending PE-TM chain section with the status "Pending for Approval".

7

The screenshot shows the 'Pending PE-TM Chain' tab selected. The table displays one record with the following data:

Reference Number	Chain ID	Requestee Id	Requestee Name	Requestee Role	Approver ID	Approver Name	Document Uploaded	Date & Time of Request	Date & Time of last Updated	Chain Status

Chain Whitelisted by TM

35 The TM can Whitelist a blacklisted chain by clicking on the “Whitelist” button under the action column.

36 The Whitelisted chain will become active and visible under the registered PE-TM Chain section, with the chain status “Active” on the TM panel.

37 When TM has whitelisted the chain, it will be visible under the registered section on the Entity panel with the status “Active”.
